

Experience matters.

How to organize your first day of the charter?

1. Get acquainted with the plan of the marina before arrival in order to know the exact location of the charter and thus avoid wasting time.
2. Upon your arrival find the charter office.
3. Prepare some local currency cash (kuna) for the tourist tax (10kn/person/day) that you have to pay at the charter office.
4. Collect all the documents (ID or passport, the skipper's license, confirmation voucher), with the money you need and send a crew member to the office.
5. After you obtain information about your check-in time, you can organize yourself for the further actions.
6. While waiting for the check-in you can take care of your provisions. Try to estimate the time needed in order not to come back too early & then having to wait in the sun.
7. At the check-in, send your skipper to the boat for the check-in procedure with one of the charter staff.
8. After the check-in you can load your luggage and provisions on the boat.
9. Use the [LIKESAILING Croatia briefing list](#) for your **skipper's briefing**.
10. Keep up to date with the latest weather forecast before sailing out and make sure that you have the boat papers, including the crew list.

Thank you for keeping our [seas](#) clean!
